provides comprehensive online lactation consultant training for those who wish to become eligible for IBCLC certification. We are dedicated to providing high quality online lactation management training and innovative educational materials for professionals and for new parents through the use of cutting edge technology. We have more than 25 years’ experience in training aspiring lactation consultants!

Our program director Vergie Hughes RN, MS, IBCLC, FILCA, has been a lactation consultant for over 25 years, has served on the IBLCE Board of Directors and exam writing committee and has taught classes for both professionals and parents. She has worked in a variety of settings including labor and delivery, post-partum, hospital breastfeeding centers, private practice and milk bank as a clinician, researcher and teacher. She started the first Lactation Consultant Training Program on the East coast. LER has been a leader in providing on-line lactation consultant training programs.

FAQs

Q: Who typically takes lactation consultant training?
A: Registered nurses, Licensed practical Nurses, Pediatric Nurse Practitioners, Women’s Health Nurse Practitioners, Women’s Health Consultants, Lactation Professionals, WIC workers, Breastfeeding Peer Counselors, women who have breastfed their infants, and women who have a degree in an unrelated field. Anyone with a commitment to breastfeeding mothers and infants can see that people come into the field of lactation from a wide variety of backgrounds.

Q: How long does it take to complete the lactation consultant training program?
A: It depends on how much time you have to devote to study. Most people complete it in 2-3 months.

Q: What programs do we offer?
